SENECA HOUSE CAPITAL

## Miltiades Caldis

CEO

Miltiades Caldis is the Director and Chief Executive Officer of Seneca House, leading the firm's strategic vision and expansion in the private credit and asset-based lending (ABL) space. Since founding the firm, he has played a crucial role in building its operational infrastructure and cultivating key relationships across the industry.

Miltiades specializes in developing partnerships and securing co-investment opportunities with billion-dollar Pan-African funds, enhancing Seneca House's capacity to execute large-scale transactions. His expertise extends to deal origination, pipeline construction, and the strategic growth of the firm's investment footprint.

As a member of Seneca House's investment committee, he contributes deep insight into private credit structuring and capital deployment. His background includes advising venture capital funds on early-stage investments and managing client portfolios at FXCM and Invast Financial Services between 2012 and 2014. His experience in trading and investment management shaped his understanding of the challenges in alternative investments.

Mr. Caldis holds a Bachelor of Science in Property Investment and Finance from the University of Cape Town.

## Kimon Caldis

COO

Kimon Caldis joined the Investment Manager, Seneca House, in late 2017. He began on the trading desk as a junior analyst, focusing on the global macroeconomic outlook and its impact. He then transitioned into trading financial securities before advancing to the role of Sector Head, assisting both the CEO and CIO in daily operations while leading various strategic initiatives.

Kimon was the principal author of the 2023 Seneca House White Paper on Asset-Based Private Debt, conducting in-depth research on Europe with a scope extending to Africa and Asia. His work has been instrumental in identifying opportunities and market inefficiencies in these regions.

With over five years of experience in alternatives investing, trading, and operational management, Kimon now serves as COO, overseeing private credit and asset-based lending operations. As Head of Quality Control (QC), he plays a key role in vetting and analyzing deals, ensuring rigorous due diligence and investment integrity.

Mr. Caldis holds a Business Science in Finance (Honors) degree from the University of Cape Town.
